## WORK EXPERIENCE

### Inbenefits

October 2023 - Present

*Help Desk Support*

*Markham, Ontario*

- Delivers end-to-end support on our client's online portal, resolving account setup, access, and authentication issues to ensure seamless user experience.
- Supports team members by resolving Level 1 inquiries and providing guidance on complex issues, reducing the need for supervisor escalation.
- Assisted with the creation of internal documentation in collaboration with team members, improving knowledge transfer and reducing onboarding time for new hires.
- Transitioned from Call Centre to Help Desk through internal promotion, taking on increased responsibility for technical issue resolution.

### Adish International Corporation

September 2022 - July 2023

*Software Developer*

*Manila, Philippines*

- Designed and optimized batch CSV upload and processing workflows, enhancing data validation, error handling, and overall SQL write performance.
- Served as a client-facing team member for Japanese partners, discussing application functionality and coordinating feature delivery.
- Assisted in diagnosing production issues by reproducing user-reported problems and proposing fixes or workarounds.

## EDUCATION

### Centennial College

Fall 2027 - Present

*Software Engineering Technology – Artificial Intelligence*

*(Fast-Track, Online)*

### University of the City of Manila

August 2022

*Bachelor of Science in Computer Science*

*Manila, Philippines*

- Graduated Cum Laude (GPA 3.75)
- Dean's Lister (1st Year - 4th Year)
